FEATURES & BENEFITS

- Tile-in aluminium profile allows you to create stunning modern lighting, suitable for bathrooms, kitchens, and any tiled area.
- The end effect will be a stunning light which is seamlessly integrated with your bathroom/kitchen.
- We recommend using No Spotting tape to ensure you get the best light output.
- Due to the unique edge rim you can place standard depth tiles up to 10mm width on top and seal the edges as you would do normally when tiling.
- Available in bespoke lengths.
- Perfect for indoor and outdoor use.
