Package Contains

Precautions

Installation Notes

- ▶ This product must be installed by a suitably competent person.
- ▶ May contain small parts, possible choking risk. Keep away from children.

Mechanical

- ▶ Do not use worn or damaged wires or fixtures.
- ▶ Ensure the wire does not cause a trip or fall hazard.
- ▶ When trimming wire to length use wire cutters, wear gloves and protect eyes.
- ▶ Beware of sharp edges after cutting the wire.
- ▶ When drilling wear a mask and protect eyes.
- ▶ Do not attach wire to sharp corners or edges.
- ▶ Do not climb or swing from this product.
- ▶ Regularly inspect the cable and fixtures for wear.
- ▶ Securely fix the wall hooks to surface using the supplied wall plugs and screws.
- ▶ Do not over tighten the turnbuckle.
- ▶ This wire kit is not load rated and is designed for light use within home/garden environments - not for use where safety/critical load bearing is required.
- ▶ Maximum unsupported span: 10m

Environmental

- ▶ Ensure surfaces are kept clean to reduce damage to components.
- ▶ Components are made from stainless steel and can be used outdoors.
- ▶ To be used for installation into masonry, block and concrete.
- ▶ Store in a clean dry area.

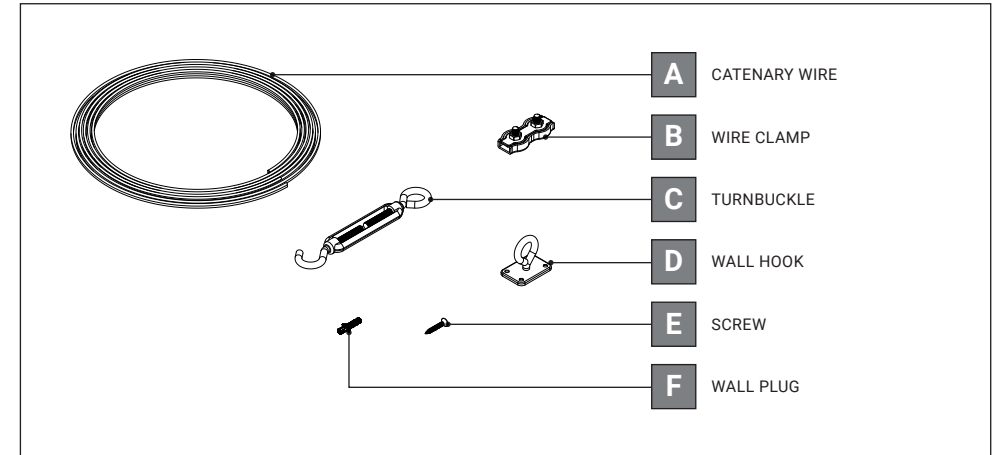

Product Warranty

1. A warranty period is provided for products in normal use. For any faults arising during the period that are confirmed to be quality related by inspection by the company, a product of the same specification will be replaced for free.
2. The warranty does not cover any of the following:
 - (1) Any product damage due to usage not allowed in the instructions.
 - (2) Any product damage due to disassembling or wrong operation by the user.
 - (3) Severe appearance damage or deformation of the product.

IMPORTANT

- ▶ Please read prior to installation.
- ▶ Please read these instructions carefully before commencing any work.
- ▶ Please retain these instructions for future reference.
- ▶ Only use with Tagra Festoon Strings.

Assembly Instructions

1. Completely unpack the product, taking care to locate all parts included in the diagram above.
2. Place the wall hook (D) against the mounting surface and mark the fixing points.
3. Drill fixing holes (5mm) and fit the wall plugs (F).
4. Attach the wall hooks with the screws (E) provided.
5. Untighten the turnbuckles (C) before installing.
6. Attached the hook end of the turnbuckle onto the wall hook.
7. Lead the loose end of the wire (A) through the wire clamp (B) and then through the eyelet on the turnbuckle to create a loop.
8. Pass the wire back through the wire clamp (B), pull cable taut and tighten the clamp.
9. Rotate the barrel of the turnbuckle until the cable is taut.
